Summary

Results-driven Web Developer with strong expertise in modern web technologies, including Next.js, React.js, Node.js, Express.js, and MongoDB. Experienced in developing responsive, scalable, and high-performance full-stack web applications with clean UI/UX and efficient backend architecture. Skilled in REST API integration, authentication systems, database management, and dynamic frontend development. Passionate about writing clean, maintainable code and continuously learning new technologies to build innovative digital solutions. Strong problem-solving abilities, adaptability, and teamwork skills with a solid foundation in software development principles.

Education

S.S.C 02/2017 | Akhaura
Bangladesh Railway Govt. High School, Akhaura

H.S.C 04/2019 | Chattogram
Pahartali University College

Computer Science & Engineering 12/2025 | Chattogram
BGC Trust University Bangladesh

Skills

Languages: JavaScript (ES6+), HTML5, CSS3	● ● ● ● ●	Frontend: React.js, Next.js, Tailwind CSS, Bootstrap	● ● ● ● ●
Backend: Node.js, Express.js	● ● ● ● ●	Database: MongoDB, Firebase	● ● ● ● ●
Tools & Platforms: Git, GitHub, VS Code, Postman, Vercel	● ● ● ● ●	Authentication: JWT, Firebase Authentication	● ● ● ● ●
Concepts: REST API, Responsive Design, CRUD Operations, MVC Architecture	● ● ● ● ●	SEO Optimization in Next.js	● ● ● ● ●

Projects

Care-XYZ

Healthcare Service

- Developed a responsive healthcare/service-based web application using Next.js and React.js.
- Implemented modern UI/UX with reusable components and responsive layouts for all devices.
- Integrated dynamic routing, optimized page performance, and SEO-friendly architecture using Next.js.

- Built secure authentication and interactive user functionalities.
- Deployed and maintained the application on Vercel for fast and scalable hosting.

Tech Stack: Next.js, React.js, Tailwind CSS, Firebase, Vercel

StyleDecor

Decoration

- Designed and developed a modern interior/home decor themed full-stack web application.
- Created responsive and visually appealing user interfaces with smooth navigation experience.
- Implemented dynamic product/service sections with efficient state management.
- Optimized website performance, responsiveness, and accessibility for better user experience.
- Integrated backend services and deployed the project using modern cloud hosting platforms.

Tech Stack: Next.js, React.js, Tailwind CSS, Node.js, MongoDB

HomeHero

Home Service

- Built a responsive home service/property-related web platform with modern frontend technologies.
- Implemented authentication, protected routes, and dynamic data rendering features.
- Developed reusable React components to improve maintainability and scalability.
- Integrated Firebase services for hosting, authentication, and real-time functionality.
- Focused on clean UI design, mobile responsiveness, and performance optimization.

Tech Stack: React.js, Firebase, Tailwind CSS, JavaScript
